The report shall specify the amount expended by funding source, the activities performed, the pest or disease, the location where the pest was detected, the location where the eradication efforts were performed, and the animal or plant affected for each emergency detection or eradication.
2. The Department of Food and Agriculture shall require full public participation, including public meetings, from all major regions of the state for each notification of proposed actions within the Light Brown Apple Moth program.
3. *Of the amount appropriated in this item, \$200,000 is available for a study to evaluate the impacts of drought on the agriculture sector and shall be available for encumbrance until June 30, 2016.*

*SEC. 34. Item 8570-001-3228 of Section 2.00 of the Budget Act of 2014 is amended to read:*

SEC. 35. Item 9800-001-0001 of Section 2.00 of the Budget Act of 2014 is amended to read:

9800-001-0001—For Augmentation for Employee Compensation..... 271,039,000

Provisions:

1. The amount appropriated in this item shall not be construed to control or influence collective bargaining between the state employer and employee representatives.
2. The funds appropriated in this item are for compensation increases and increases in benefits related thereto of employees whose compensation, or portion thereof, is chargeable to the General Fund, to be allocated by budget executive order by the Director of Finance to the several state offices, departments, boards, bureaus, commissions, and other state agencies, in augmentation of their respective appropriations or allocations, in accordance with approved memoranda of understanding or, for employees excluded from collective bargaining, in accordance with salary and benefit schedules established by the Department of Human Resources.
3. It is the intent of the Legislature that all proposed augmentations for increased employee compensation costs, including, but not limited to, base salary increases, pay increases to bring one group of employees into a pay equity position with another group of public employees, and recruitment and retention differentials, be budgeted and considered on a comprehensive, statewide basis. Therefore, the Legislature declares its intent to reject any proposed augmentations that are not included in Items 9800-001-0001, 9800-001-0494, and 9800-001-0988, given that these are the items where the funds to implement comprehensive statewide compensation policies, including those adopted pursuant to collective bargaining, are considered. This provision shall not apply to augmentations for increased employee compensation costs resulting from mandatory judicial orders to raise pay for any group of employees or augmentations for increased

1 compensation costs, or approvals for departments to

9 to require legislative approval prior to their implemen-  
10 tation, but which may not have been approved in sep-  
11 arate legislation as of the date of the passage of this  
12 act. In the event that the Legislature does not approve  
13 separate legislation to authorize implementation of  
14 any of the pending agreements, the Director of Finance  
15 shall not allocate any funds related to those pending  
16 agreements pursuant to Provision 2, and the expendi-  
17 ture of funds for those pending agreements shall not  
18 be deemed to have been approved by the Legislature.

- 19 5. As of July 31, 2015, the unencumbered balances of  
20 the above appropriation shall revert to the General  
21 Fund.

- 22 6. The Director of Finance may adjust this item of appro-
